PLEDGE

- ❖ In a world where people are segregated by Religion, Language, colour and race, I would work hard to establish peace, unity and harmony
- ❖ I will work hard to create a peaceful atmosphere in my locality,
- ❖ I will work hard for the upliftment of women, and physically challenged people
- ❖ I will work hard for the upliftment of poor children in the field of education.
- ❖ I will work hard to create an awareness about the evils of alcohol and will help the people who have recovered from the clutches of alcohol to start a new life.
- ❖ I sincerely declare that I would co-operate in all the good welfare schemes under taken by the movement. I also feel proud to be a part of this movement which has been constantly doing valuable work for society for the past 25 years
